RBC Wealth Management is pleased to announce that Jacob has been named to the 2016 Financial Times Top 400 Advisors list in the US. The advisors on this list represent an elite group at national, independent and regional broker-dealers and were selected from nearly 1,500 advisors who met the qualifications. It is impressive to note that this year, the average FT 400 advisor manages over $1.5 billion in assets.

Please join us in congratulating Jacob on this noteworthy honor.

In 2016, the Financial Times 400 Award was based on information gathered regarding 1,000 financial advisors, of which 40% received the award. This represents less than 1% of all financial advisors registered with FINRA in 2016. The Award is based on the following criteria: The individual is a FINRA registered representative, assets under management, revenue produced for the firm, experience and professional designations. This award does not evaluate the quality of services provided to clients and is not indicative of this advisor's future performance. The financial advisor does not pay a fee to be considered for or to receive this award.
